This book isn't just for Astrology buffs...

If you're also interested in Eastern philosophy, Ayurveda, Chinese medicine or are studying Yoga ~ this book is a "must read".

Jeffrey Armstrong has poured forth a fountain of extensive knowledge, bridging history, philosophy, medicine, science and religion, pulling together the threads of life's most timeless questions. You'll be pleasantly surprised by the author's broad scholarship, witty and crisp exposition as he reveals the surprising relationships between Ayurvedic Medicine and Vedic Astrology.

In true tantric style Armstrong explains the spiritual relevance of astrology in our everyday lives, establishing it as the lost science that explains the interconnections between karma, free will, reincarnation, yoga and God/Goddess.

"This is a fantastic volume, which answers so many needs. It is a great introduction, an overview and a fantastic vehicle for bringing the Vedic vision to a wider audience. Dharma Sivan - Living Traditions, Australia
