1. Please note that this PDF file is not for commercial use and released only for personal scholarly activity.
2. This transliteration version of Rigveda is from an ITRANS file which I have created on the basis of [The Aufrecht/van Nooten/Holland \(Samhita\) version of the Rigveda](http://www.people.fas.harvard.edu/~witzel/onlineRV.htm). (<http://www.people.fas.harvard.edu/~witzel/onlineRV.htm>)
3. The font used for the Rigveda text is URW Palladio IT. In the three words hiraṇyapraūgam̐ (1.035.05a), dūraūpabdo (7.021.02c), and praūgam̐ (10.130.03c) the font Times New Roman is used for the character ū to show Hiatus between a and u. For the numbers of Maṇḍala, Sūkta, and Mantra at the beginning of each line (1.001.01a) the font Times New Roman is used.
